Transilwrap Wins 3 Gold Ink Awards

FRANKLIN PARK, Ill. – Transilwrap Company, Inc. won three awards at the 24th Annual Gold Ink Awards, a competition co-sponsored by Publishing Executive, *Book Business* and *Printing Impressions* magazines, including a Gold and two Pewter awards.

Transilwrap earned a Gold Award in the Point-of-Purchase Display category for the Transilwrap Azuna[®] 3D Display Package, printed by Litho Press, Inc. on Transilwrap Azuna[®] 3D.

Transilwrap scored a Pewter Award in the Direct Mail category for its Transilwrap Azuna[®] 3D Mailer, which was printed by Tepel Brothers Printing. Premier Communications Group directed the concept, design and production of both the mailer and the aforementioned Azuna[®] 3D Display Package projects.

Transilwrap received another Pewter Award in the Folders category for the GLS Capabilities Brochure, which was printed for and by GLS Companies on a Heidelberg press, using Kohl & Madden printing ink on Transilwrap Azuna[®] 3D.

This year's Gold Ink Award winners were chosen from nearly 1,200 entries submitted within 46 different categories. Winning pieces were judged on print quality, technical difficulty and overall visual effect. A panel of esteemed graphic arts professionals judged entries over the course of three days.

Transilwrap's achievements will be recognized during the 24th Annual Gold Ink Awards Banquet, September 12, at the Hyatt Regency at McCormick Place in Chicago during GRAPH EXPO 2011.

"Winning a top honor at the Gold Ink Awards, which is viewed as the industry's most prestigious print competition, is a testament to the ability of our talented staff and suppliers to continually develop new and exciting materials," said Cliff Brunson, Business Director of the Graphics Business Segment. "We're proud of the hard work we put into producing each line, and we look forward to continuing to serve the industry with high-quality and innovative products."
